

Lemon Tree inaugurates hotel in Doon

Dehradun: The Lemon Tree Hotel Company inaugurated its first hotel at Dehradun in the Pacific Mall on Thursday. "The Lemon Tree Hotel in the State capital had its soft opening on April 28 on trial basis and in just about a month it was able to achieve the seventh position out of 54 hotels in the State capital," said its deputy managing director Rattan Keswani while addressing the media at the formal opening.

He further said that the Lemon Tree Hotel Company is the third largest Indian hotel chain that also appoints 10 per cent of its staff from among handicapped job seekers. The hotel opened in Dehradun is a midscale business hotel with an entrance that opens into a spacious and bright lobby with colorful mosaic tiling, making it contemporary and vivid. It has 49 rooms and suites provided with smart room facilities, high speed Wi-Fi, a full sized working desk, LCD satellite television and mini bar. The hotel also has a fully equipped business center, meeting rooms, conference hall and café.

Replying to a question Keswani said that Dehradun is considered to be a gateway to the northern regions of India and is important from the business as well as tourism point of view.
