LC Das, managing director for Diversey in India and the subcontinent said the company's specialised products - Virex II 250, Oxivir and Suma are produced following stringent guidelines and conform to global standards.

Lemon Tree Hotels **NSE 4.76%** announced the launch of a new programme called Rest Assured in partnership with Diversey on Thursday. Lemon Tree Hotels said as part of the **Rest Assured initiative**, the company has executed a new set of house rules and preventive measures, to be followed by guests, visitors and team members within each property.

Vikramjit Singh, president, Lemon Tree Hotels said as part of the new cleanliness and **hygiene standards**, Diversey is providing the chain with US EPA approved safe

chemicals, operating checklists, training support, videos and support materials and will be conducting regular reviews in all its properties.
