Lemon Tree Hotels has launched three new hotels, aggregating 301-plus more rooms. The group has nine operating hotels; two hotels in Gurgaon, one in East Delhi, a resort each in Goa and Kerala, one hotel in Pune and now the three latest additions in Ahmedabad, Aurangabad and Indore.

Patu Keswani, the company's CMD said, "We believe that the current economic turmoil and on-going slowdown of the Indian economy is short term in nature and India with its domestic consumption led economy should resume an 8 per cent plus annual growth trajectory within the next 18-24 months."
